THE HISTORY OF THE CLASS OF 1965

In the beginning there were 43 grimy little first graders armed with crayons ready to begin the search for knowledge. Only ten of us have survived 12 years of school here at Ellendale. They are

Jill DeYapp, Betty Franz, Cress Gackle, Richard Keller, Bruce McNeill, Jerry Nicholson, Carol Redlin, Judy Rempfer, and Denise Thompson.

It is believed that our class set a new tardy record. Denise Thompson was tardy 23 times, but Judy Rempfer was a close second with 21. Miss Darlene Rasussen was our teacher.

In the second grade our class enrollment dropped to 31. We surpassed the previous tardy record. Jerry Nicholson was the king with 27 tardies, and Denise retained her queendom with 25 tardies.

The third grade consisted of 35 pupils. We had six new members that year. They were:

Richard Ackerson, Donna Jacobson, Don Meidinger, Mavis Merkel, Diana Wedell, Warren Hokana.

We gave the school still another first. Ours was the first paper ever to be printed by a sixth grade class. One of the lost and found items is still missing. Has anyone seen Carol Redlin's gold watch last seen in the north end girl's lavatory of the elementary building?????????? Mrs. Begin and Mattheis were kind enough to struggle along with us that year.

As we entered Junior High, we added 6 members to our class. They were:

Alta Eck, Ronnie Pahl, Gary Schlenker, Linda Gimbel, Nancy Ginsbach, and Delores Durheim.

Junior high also gave us our boy-girl parties. It seemed the girls were more interested in dancing with the teachers than the boys. Mr. Bobzien and Mr. Voegeli could really cut a rug! Mr. Bobzien was noted for his twist, while Mr. Voegeli was sharp on the two-step.

Good old Richard Ackerson wasn't far behind. One evening Rich was so involved he had a little accident and had to leave the party -- "Say Rich, did your mother ever get your trousers patched??" Linda Gimbel and Warren Hokana won the American Legion Awards that year.

41 green Freshmen entered E.H.S. We had 3 new students. Terry Bobzien, Sherry Sperling, and someone we'll never forget *-----* Sandy Glaser. (Sandy Enters) We were delighted with the prospect of only four or five subjects. A few of the boys made the "B" team for basketball and a few warmed the bench in football, but squirt guns were popular; while the girls were trying their hand at dating. Diana Wedell and Denise Thompson were our cheerleaders. Those freshman chosen as twirlers were Carol Redlin and Diana Wedell. There were only four in concert choir Richard Ackerson, Carol Redlin, Denise Thompson, and Linda Gimbel. Of course we had our share out for G.A.A. and F.H.A. Our Float that year featured a crown on a football field.

We entered Our Sophomore year with the same number of students. The boys began to improve their sports abilities. Tom Maier was the class hero when he got the crucial rebound that won us the District Championship. The sophomore class set STILL another first, with the creation of Knauss's Louses, the first biology club of E.H.S. Of course this wasn't unusual, OUR class was always doing something marvelous.....Right? Class answers Our float was titled "Waves to Victory". Our Cheerleaders were Carol Redlin and Denise Thompson.

Our Junior year heaped our class with many new projects. Homecoming proved to be quite successful for our class. We didn't win the game, but our float, "E.H.S. Flies to Victory", won second place in the highschool parade and first in the college parade. The money we won for our float was immediately put into our prom fund. The theme of our prom was "Moonlight and Roses". The Mayville Combo provided the music for a very enjoyable evening.

Five members of our class were installed into the National Honor Society in their junior year. They were: Terry Bobzien, Linda Gimbel, Warren Hokana, Sherry Sperling and Diana Wedell.

Our boys shinnned in sports that year. Several made the "A" squads and were active participants. Cheerleaders chosen from our class were Denise Thompson and Carol Redlin. Musical interests were shown when several of our class members received number one ratings at the district and state contests. Speech contestants did an excellant job too. Carol Redlin and Diana Wedell were chosen as majorettes, while Nancy Ginsbach taught grade school twirling classes. Seven people in our class were chosen to represent Ellendale at Girl's and Boy's State. They were (Girl's State) Sherry Sperling, and Linda Gimbel delegates, Jill DeYapp alternate. Boy's State members were Cress Gackle, Terry Bobzien, and Warren Hokana. Don Meidinger was the alternate. At the end of the year we had already been afflicted with a bad case of SENIOR-ITIS.....

AHH..... The Senior year upon us at last! We had two new members, they were Wayne Zinter and Lee Roy Veland. Midway through our senior year, we lost a member in good standing, Diane Nogowski, to Valley City High School. The boys retained their excellence in sports. Cress Gackle won the Leland McClellan Memorial Award. Tom Maier and Warren Hokana were chosen co-captains of the football team. Boys in our class provided the winning points for many wrestling matches. Richard Ackerson became famous for his bear hug. The day of our home coming, Nancy Ginsbach was chosen Cardinal Day Queen. The cheerleaders for the year were Denise, Diana, and Carol.

We became the first class to have a Merit scholarship winner, Sherry Sperling won the award. Oh yes, we couldn't forget that Kenny Schmierer is the only senior with a perfect attendance record. Yea Kenny!! Class answers.

Five Seniors were elected to the National Honor Society. They were, Deanna Delzer, Jill DeYapp, Donna Jacobson, Mavis Merkel, and Ann Whelan. Our skip day was held on May 21st. 28 bright-eyed seniors left at 6:00 a.m.

for lake Lida. Everyone was rather pooped by the end of the day. On Saturday some rather haggared seniors attended the Junior-Senior prom. We would like to thank the Junior class for the hospitality that was shown us that evening. Baccalaureate was held on Sunday the 23rd. Monday the final tests started. As you can all see we have had a rather hectic high school career, but we'll never forget Ellendale High School. Thank You!

36 SENIORS GRADUATED FROM E.H.S. MAY 28, 1965

THE SENIOR CLASS WILL OF 1965

We the Seniors, inhabiting the one and only Ellendale High School, better known as "Ye Ole E.H.S." and being endowed with mature minds (debatable), do hereby submit our last will and testament.

CLASS PROPHECY

On the morning of May 28, 1980, Tom Maier's Chicken and Turkey Ranch received a call from Randall's Wholesale Grocery in Los Angeles, California, requesting an order for 6500 dressed spring chickens. Tom then called a friend, Bruce McNeil, owner of the McNeil Interstate Trucking Company, and made arrangements to transfer the shipment to California.

Bruce called his assistant, Ralph Dathe, and notified him that he was to go along with Bruce to California.

Before leaving they stopped at the Nodak where they exchanged friendly greetings with Betty Franz and Janet Blatter. After leaving the Nodak, they left enroute to Aberdeen.

As they were passing through Aberdeen, they stopped at a stop light, to their surprise, Cress Gackle and family pulled up beside them in a red Rambler. As Cress pulled away, they saw a sticker on his bumper reading, "Gackle's Sporting Goods."

After leaving Aberdeen,, their next stop was Spearfish, South Dakota, where they were to get some gas. They stopped at Ronnie Pahl's Service Station. Ronnie informed them that he has been the manager of the station for the last ten years.

Five miles out of Spearfish they were stopped by Larry Vasvick, a highway patrolman. He was checking cars for flat, spare tires.

While passing through Cheyenne, Wyoming, they saw a former classmate, Mary Jean Middlestead. Mary Jean was riding her horse and singing, "Old McDonald had a ranch." She informed us that Wayne Zinter was running a used car lot in Cheyenne, located two blocks west and six blocks south of the livery stable. Not having time to stop and talk to Wayne, they continued.

As they neared Denver, the transmission started to act up. They then pulled into a transmission repair shop. Bruce went inside to ask the price of the repairs, and who should be find as manager of the shop, no one but Richard Ackerson. Ralph came in behind Bruce and noticed that Donna Jacobson was Richard's secretary.

While the transmission was being fixed, they decided to get something to eat. They went into Pete's Pizza Palace only to find that Pete had sold out to Richard Keller.

On the way out of the Pizza Palace, they picked up the Denver Dailey edited by Jill DeYapp. While reading the paper they came across Glaser's Giggles in the comic section.

Returning to the shop they found the truck already to go. As they drove into Santa Fe, New Mexico, they saw a sign reading, "Terry Bobzien and Norman Jury's Atomic Power Plant, better known as B & J's Bomb House."

The next stop was in Phoenix, Arizona, where they spent the night. In the middle of the night they heard a noise. As they looked out their window, they saw Mavis Merkel parading down main street still campaigning for Berry Goldwater.

The next night they decided to stay at Yuma, Arizona. For some relaxation they decided to take in a movie. The movie showing was a recast of "Gone With the Wind" starring Gary Schlenker taking the place of Clark Gable and Diana Wedell as his co-star.

The next day they arrived at their destination in Los Angeles. The first large building they passed was a large school building. They were not surprised, however, when they noticed the sign which said, "Tony and Ann's Private Elementary School."

They immediately went to Randall's Wholesale Grocery, and to their surprise the manager was no one but Don Meidinger.

After unloading the chickens Don decided to take the fellows to visit some of their former classmates now living in L.A.. First they stopped at Don's accounting department where they found Deanna Delzer as his head accountant.

Don then took them out to the race track where they found Jerold Krause testing new cars for General Motors. From the race track they went to the beach where they found Jerry Nicholson as a beach comber. Seems that Jerry had never found his way home after his graduation trip to California in 1965.

When they came to Pasadena a lady came skidding out into the street on a skate board. Without time to stop they hit her. When they went to see if she was hurt, they discovered that it was Carol Redlin. As she laid there in agony and pain, she cried; "Call me an ambulance." Ralph looked at her and said, "So, you're an ambulance."

Bruce ran to call a doctor, but the doctor turned out to be Warren Hokana, a veterinarian. So Bruce tried again. This time Sherry Sperling, M.D. and Delores Durheim, R.N. came to the scene of the accident. After everything was cleared up they continued homeward.

Driving by the Great Salt Lake they saw something floating. They stopped and found it was LeRoy Veland. LeRoy was testing the theory that anything could float in this salt water.

As they were driving along the highway they saw a sign reading, Thompson's Rest Home - Denise Thompson, Proprietor. As they entered Montana they saw Linda Gimbel working for MDU as a pole climber.

As they pulled into the old home state of North Dakota, they saw signs reading "Kenny Schmierer for Governor." Bruce said, "Well, we know he'd do it some day." As they pulled into Ellendale they saw Alta Eck and Judy Rempfer still bombing around in Alta's little gray Chevy. Having stopped for a red light they noticed Nancy Ginsbach still looking toward the west waiting for Jerry to come home.

THE END !!!!!
